WAGON MINES PASSING FACTOR IN BITUMINOUS COAL MARKET

Only 125 out of 625 of These Operations Now Being Worked

PLENTY OF COAL ON MARKET

Another "war industry" which is rapidly going out of business is the wagon mine. The wagon mine is an institution fostered under the paternal wing of the fuel administration to pick up the "scraps," so to speak, in the coal industry and it attained to considerable proportions in the Pittsburg district. At one time there were 625 wagon mines operating in this section of Pennsylvania but figures submitted to J. T. Miller, first deputy fuel administrator, show that 500 of these have gone out of business in the last month.

The wagon mines represented the "small force" aspect of the coal business. Mostly they operated in sections where it had become unprofitable to mine on a large scale and which had in consequence been abandoned. But few of them were running when the fuel administration came into being, and they recommended themselves to theauthorities because they produced coal which in the aggregate might be considerable and because this coal could be hauled to the point of consumption without ever touching a railroad and consequently without adding to the congestion.

At one time these 625 mines reached a production of 30,000 tons per week. In late November they were holding up to 28,000 tons per week. Then coal began to be plentiful and the wagon mines suffered first. Even now the 125 operating mines are producing about 11,000 tons per week.

Big corporations which during the last summer accumulated large stocks of coal are now using it, and have cut off all mine shipments for the time being. This leaves the big operators with a great deal of coal for the open market, and this feature has also assisted in putting the small mine out of business. In the Charleroi districts but little coal is now being loaded by the wagon mines in consequence of present conditions.

MUCH SOLDIER MAIL IS BEING RETURNED

It was testified by the Second Assistant Postmaster General before the Senate Committee on Postoffices at Washington on Friday, that from eight to ten car loads of mail, addressed to American soldiers on duty in France, is on the way back to the United States, because of failure to have it delivered to the men for whom it was intended. It will be sent to the dead letter office at Washington and an effort made to return the letters to the writers.

MAIL DELIVERY BY ARMY TRUCKS

Mail d elivery by trucks between Pittsburg and Wheeling, by way of Washington was inaugurated on Thursday, the first truck reaching Washington on its westward journey at 9 o'clock Thursday morning. The same truck was due back at Washington at 3:30 in the afternoon. This mail delivery is in the nature of an experiment and will be daily except Sunday. If it proves to be a success o ther routes will likely be established throughout the country.

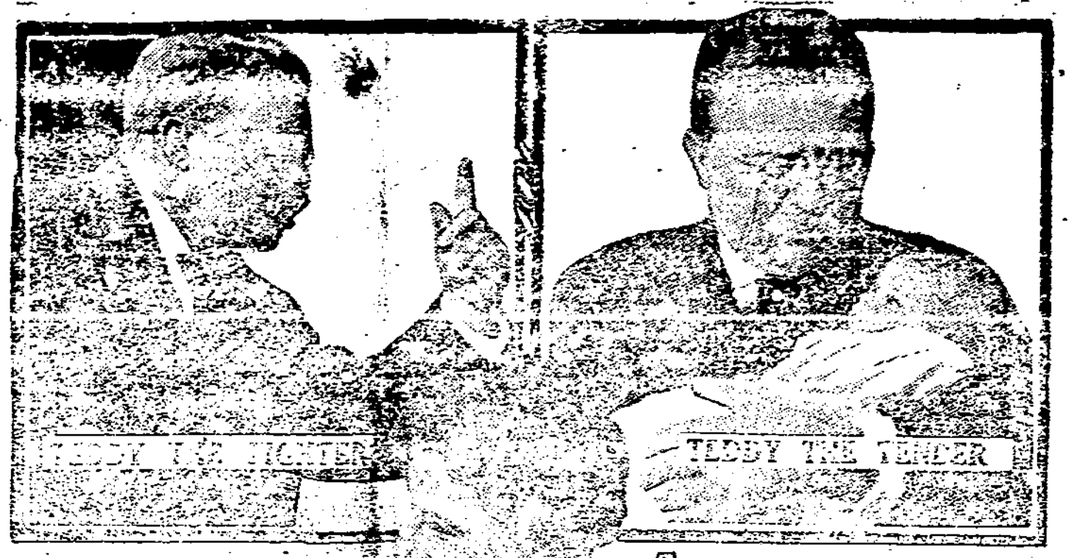
Latest Pictures Show Character of Great American



Two of the last pictures taken of former President Theodore Roosevelt show the true character of this famous American better than could columns of type in the most glorifying editorial. He was "strong and tender" at the same time, opposites always found in the make-up of all great leaders. On the left is "Teddy the fighter," a characteristic pose as the world knew him when he would defy all in any fight for right. On the right is "Teddy the tender," with his grandson, Archie Roosevelt Jr., in his arms, because Teddy loved children, the true test of man. The insert is a recent picture of Colonel Roosevelt's widow, Mrs. Theodore Roosevelt.

Controller Refuses An Assessor's Bill

Washington county was made defendant in a suit filed on Friday by Joseph L. Myers, assessor of the Fifth ward of Washington, in which he claims $186.00, alleged to be due for making the triennial assessment in the Fifth ward of that borough. The action follows the refusal of Controller Thomas J. Underwood to approve the bill submitted by Assessor Myers for the work done. A detailed statement is filed by Mr. Myers, showing the number of days he worked in making this assessment.

It has been known for several days that Mr. Myers' bill was pigeon-holed in the controller's office. The controller refused to approve the same. Apparently the action of the controller is a sequel to charges presented by the controller to both the borough council and to the Washington school board, charging that Mr. Myers, through alleged forgery of a notice from the county commissioners to the tax collector, P. G. Kennedy, has caused the assessment on his property in the Fifth ward to be reduced from what it was on the books in the commissioners' office.

ATHENE CLUB HOLDS RED CROSS MEETING

The Athene Club, instead of holding its regular program which had been announced for the 10th of January, held a Red Cross meeting at the work rooms in the Elks building. At this meeting Mrs. Vivia Stewart reported on the sale of articles which pupils of the Blind Institute of Pittsburg had left in Charleroi for sale. Goods to the amount of $158.40 were disposed of and the amount sent to the Institute in Pittsburg. It is the purpose of the Club to hold all of its Red Cross meetings before taking up the literary work outlined for the year. The belated programs will then be taken up in order and disposed of and as outlined in the year book.

The former Kaiser says he still has friends in America. Perhaps he has—among the hyphenated. But they are of little value to him under existing circumstances. Naturally they are not saying anything out loud and they are not likely to be in a hurry to do anything startling.

MEMORIAL SERVICES BY BAR ASSOCIATION

At a regular meeting of the Washington County Bar Association held in the bar association rooms this afternoon at 2 o'clock at the county seat, memorial services were held in honor of Lieutenant John Wiley Day and Alvan Donnan.

Lieut. Day was an officer in the machine gun company of the 110th infantry and was wounded at the second battle of the Marne late in July from the effects of which he died about a month later. He was a member of the law firm of McIlvain, Murphy, Day & Witherspoon and had offices in Monongahela. Alvan Donnan, whose death occurred December 28, was a member of the local bar for 40 years.

WANT LEASES SHORTENED

Liquor Men Want To Provide Against Too Heavy A Loss

LICENSE PERIOD IS VERY SHORT

It is reported that a bill will be introduced in the Pennsylvania Legislature after it convenes on the 20th of January, and which will be backed by the Pennsylvania Federation of Retail Liquor Dealers, to nullify leases of property either for hotel or saloon purposes, with a view to averting heavy losses, by reason of the short term in which liquor licenses will be effective this year.

That retail liquor dealers in the larger cities are worried over the closing of saloons and bars on the 30th of next June is evident from the slowness with which applications for license are now being filed. In Allegheny county, where over 1,200 licensed houses are in operation, only 15 applications have been filed to date. Of course the holders of license have until the first of February to file their papers, but it is evident the liquor men are waiting to see what action will be taken by the Pennsylvania Legislature before finally deciding to make their applications.

The same feeling exists, only to a smaller degree, in the counties surrounding Pittsburg, with the difference that many of the applicants for license own their own properties. Some of course hold leased properties, and if the proposed legislation as noted above should pass the general assembly they would be affected by its provisions. In Washington county it is likely that practically every applicant will receive a license to do business until the 30th of June, when the federal regulations will become operative, which will put an end to the business for the time being. In the meantime the prohibitionists expect the federal amendment to have been approved by the desired number of states, which will put an end to the business forever in this country.

UNIONTOWN GETS THE SPEEDWAY OPENER

President Johnson and Assistant Manager Corns, of the Uniontown Speedway Association, have returned from New York City, where they attended the annual meeting of the American Speedway Association. They brough back with them the word that the Uniontown Speedway has again been successful in having secured the opening Grand Circuit racing meet which is scheduled for May 17.

GOVERNMENT'S BARGAIN COUNTER

Farmers and other folk who are in need of horses and mules and who would be glad to buy them at bargain prices, will be interested in announcement that the sale of surplus army horses and mules are to be held at seventeen camps and cantonments throughout the country during the month of January. There are to be four days sales, January 7, 14 21 and 28 at which a total of 41,455 animals will be sold. Including cavalry horse, artillery horse, draft horses, mules and pack animals. A later announcement will give the number of animals of each class to be sold at each camp during these January sales. This would seem to be an unusually good opportunity to get a bargain, particularly in the case of purchasers who live at no great distance from the camps and will be able to attend the sales at little or no cost.

QUITE A DIFFERENCE

The Germans seem to have imagined that the armistice would no sooner be signed than the boys would be raised and they would be able to import anything from Christmas turkeys to shoes made of real leather. They are now learning the difference between an armistice and a treaty of peace. Moreover the people of that empire are being brought face to face with some of the conditions which now prevail in Russia. Verily the outlook is anything but bright for the haughty Teuton, who was going to dominate the world.

The Spaniards have a proverb pointedly declaring that a guest and a fish have a very bad odor after three days. Embarrassed Count Bendtzi and the Dutch government itself would do well to quote this to the unwelcome ex-Kaiser. If this should fail to do the business, they might inform him that old Plautus 2000 years ago observed that when a guest has stayed three days the servants grumble even if the weary host still forces a smile. Still failing, they might hopefully try Shakespeare's remark that when love begins to sicken and decay it useth enforced ceremony. We say hopefully because the Germans admire Shakespeare enough to insist that he was a German in spirit. If after all three quotations there is still nothing doing, they may as well giveup—or use handcuffs and a patrol wagon.

We hear no more of a prospective war between Japan and the United States. Japanese writers profess to have had a small opinion of the military powers of the United States before we entered the great war, but now they seem to have a new light. The American may be "lightning trained," but he is slow with the delivery when it comes to a "show down." Japan has been convinced that America has the fighting men and the resources to take care of herself, even against Japan.

The former Kaiser does not stand alone, as many appear to think, but is in spirit nothing more than a typical twentieth century German. The problem of the ex-Kaiser individually is a small matter compared with the problem of Germany. This latter problem suggests the difficulty of sitting permanently on the neck of a florred thug who will not and perhaps cannot repent, although he may promptly and piously boast of a "victory over himself."

Remove Mildew.

Take any common soap size according to area of material that is affected. Cut soap in small pieces, add a little water to it and put on top of stove until dissolved. When about the consistency of cream take from the fire. Stir in common salt and cover the mildewed fabric with the mixture. If one application does not suffice, two will be sure to do the work. After applying the mixture, expose to the sun for some hours and then wash off.

CHARLEROI EVIDENCE FOR CHARLEROI PEOPLE

The Satements of Charleroi Residents Are Surely More Reliable Than Those of Utter Strangers.

Home testimony is real proof.

Public statements of Charleroi people carry real weight.

What a friend or neighbor says compels respect.

The word of one whose home is far away invites you doubts.

Here's a Charleroi woman's statement.

And it's for Charleroi people's benefit.

Such evidence is convincing.

That's the kind of proof that backs Doan's Kidney Pills.

Mrs. Chas. Bromwich, 714 Washington avenue, says: "I suffered from a severe attack of kidney trouble. I noticed pains across the small of my back and I had headaches and a constant, tired feeling. Nothing helped me. After using Doan's Kidney Pills a few days, I felt better and I continued their use until I was permanently cured."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mrs. Bromwich. Foster-Milburn Co., Props., Buffalo, N. Y. 46

BOATS TAKEN OFF AT NO. THREE

Two steamers, Iron City and Sweet Cake, which were assisting coal boats in locking at No. 3, have been withdrawn from the service, and as a consequence transportation conditions there are again very bad.

Shortly after conditions at Lock No. 3 had become so bad by reason of damage to the valves because of cold in the river, it was determined to secure the services of two steamers to assist steamers with tows going up and down the river. This service has been in use for several weeks but whether it proved satisfactory is not stated. Only a day or so was one boat used for 27 hours but whether this was the cause of the boats being taken from the service or not has not been learned. It is alleged some friction developed over the service of these boats, it being said they helped only those boats whose owners assisted in paying for their services Now boats with tows, single and double headers, have to take their chances and wait their turn to get through regardless of how long it may take

SAY 45 STATES WILL FAVOR AMENDMENT

Leading Prohibitionists of the country say that at least 45 states will approve the dry amendment to the federal constitution. On Friday the North Carolina Senate voted to approve, and it is expected that during the coming week a number of additional states will vote the same way. California and Illinois are expected to enter the dry column, one branch of their respective legislatures having already given their approval.

"GET WISE"---IN TIME

Why not get wise in time? Why wait till it is too late? People all over the country, north, south, east and west, are getting wise to the ruinous results of out-of-town buying. Thinking people are now refusing to patronize out-o, w n houses. Are we going to wait until we are knocked down and run over before we "get wise"? Let us spend our time and money in building up something that is ours. Patronage of home business means the building up of a strong industrial community of our own. Neglect of home business interests means the building up of a machine that will one day crush us without mercy. Let us build for ourselves and for our children and neighbors. Let us "get wise" before it is too late.
